Grades 8-12 Parent/Teacher/Student Interviews “Connected”

As you may have read in our high school newsletters, we will be continuing with the format for high school parent teacher interviews we started a few years ago. During your interview slot, you will connect with a staff member assigned to your child. Your child is expected to attend as well. We have done a lot of work with your child preparing for these sessions, and we would love to see 100% parent participation.
